## Holiday Transit

Tameka Jo Pauldo, Staff Writer

It's that time of year again, when most of us are either anticipating or dreading the holiday season. While many are looking forward to spending time with family, not everyone lives around the corner from Mama's or Big Mama's house. A lengthy car ride and inflated gas prices may be the dreaded reason to consider an alternative mode of transport.

Don't let holiday travel put a damper on your spirits or a dent in your wallet. Just sit back, relax and enjoy riding the airways, railways or highways to your destination.

We've compiled a list of carriers suited for luxury and comfort - even if your beer pocketbook can't keep up with your champagne taste. Be sure to ask about discounts or specials!
